## GREAT SORROW.

### School Building Burns--165 Children Caught in Death Trap.

At Cleveland, Ohio, March 4, occurred in narrow hallways, jammed up against doors that opened inward, 165 children in the suburb of North Collinwood were killed by fire, by smoke, and beneath the grinding heels of their panic-stricken playmates.

The awful tragedy occurred Wednesday morning in the public school at North Collinwood. At 10 o'clock Wednesday night 165 corpses were in the morgue, six children were still unaccounted for and all the hospitals and houses for two miles around contained a number of children, some fatally and many less seriously injured.

All of the victims were between the ages of six and seventeen years. The school contained between 310 and 325 pupils, and only about eighty are known to have left the building unhurt.

The schoolhouse was of brick, two stories and an attic in height. The smaller children had been placed in the upper part of the building. There was but one fire escape, and that was in the rear of the building.

There were two stairways, one leading to a door in front, and the other to a door in the rear. Both of these doors opened inward, and it is claimed, the rear door was locked as well.

When the flames were discovered, the teachers, who throughout seemed to have acted with courage and self-possession, and to have struggled heroically for the safety of their pupils, marshaled the little ones into column for the "fire drill," which they had often practiced.

#### FLAMES STOP THEM.

Unfortunately, the line of march in this exercise had always led to the front door and the children had not been trained to seek any other exit. The fire came from a furnace directly under this part of the building.

When the children reached the foot of the stairs they found the flames close upon them, and so swift a rush was made for the door that a tightly packed mass was piled up against it.

The children at the foot of the stairs attempted to fight their way back to the floor above, while those who were coming down showed them mercilessly back into the flames below.

Most of those who were killed died here. The greater portion of those who escaped managed to turn back and reached the fire escapes and the windows in the rear.

What happened at the foot of that first flight of stairs will never be known. After the flames had died away, however, a huge heap of little bodies, burned by the fire and trampled into things of horror, told the tale as well as anybody need to know it.

#### BURNS THREE HOURS.

Within three hours after the start of the fire the work of recovering the bodies commenced.

Thirty children were so burned and dismembered that parents could not recognize them.

The village Fire Department had two engines, but neither was effective.

Yes, really I did intend to pay my subscription, but I forgot--No, I'll take that back and tell the truth--I did not forget.

#### Excels All Others.

Mr. Jure Lowry, Wilmore, Ky., says: "I cured some very sick chickens with your Bourbon Poultry Cure and find it to be the best poultry remedy I have ever used." Sold and guaranteed by W. S. Lloyd.

## BLOOD WILL FLOW

### So Predict Members of the Legislature, Unless Relief Comes to Tobacco Growers.

We clip the following from report of Legislature doings on Feb. 25:

Kentucky is near to being deluged with blood and stands on the verge of a condition which will make the previous raids of night riders seem but child play, according to speeches which were made in the House during the discussion of the McClure tobacco bill. The prediction was made that unless something is done to check the depredations of the tobacco trust and relieve the condition of the tobacco growers, the people will take things in their own hands and plunge Kentucky into riot and bloodshed.

John L. Smith, of Kuttawa, and J. H. Jackson, of Owen county declared that the people have been ground down long enough and will soon make the past raids of the night riders look like the acts of a child by comparison with what they will do hereafter.

The McClure bill puts the tobacco companies under the police power of the State and meet with opposition from the independent tobacco dealers manufacturers and the trust.

#### GO AFTER THE TRUSTS.

Three members of the House spoke on the bill or rather against the American Tobacco Company. The speakers devoted their time to a description of the suffering and troubles which have been inflicted on the people of the State by the great tobacco trust. W. C. McClure, the author of the bill devoted most of his time to telling of the organization of the farmers and of their hard struggle.

Mr. Smith told what would be done by the tobacco growers, declaring that they are ready to lay down their lives and wade in blood to win their cause. He said they would stand together and unless something was done to protect them they would protect themselves and blood would flow in Kentucky.

LATER--The McClure bill passed the House.

#### Election Contest.

Powell county on Wednesday, February 26, voted dry by 255 majority, and Monday, March 2, the whisky men filed contest proceedings in the county court to set aside the above result. Drowning men will grab at straws, or any old thing. But this election will stand and is a go. The two saloons at Clay City have for several weeks been in operation without county license and will, we presume, have to close.

#### Twenty-Eight Years Before February 29 Comes on Saturday Again.

February 29 came this year on Saturday. This will not occur again until 1936. That is, it takes a course of seven leapyears to bring the 29th the same day of the week.

#### Convicted.

In Breathitt Circuit Court John and Henry Combs were given 21 years in prison for murdering their uncle, Thomas Combs, who had served time in the pen for killing his own brother. Six other murder cases are on the docket for this week.

## INDIGNATION MEETING

### HELD BY DEMOCRATS.

Democrats held a rousing indignation meeting Thursday afternoon at 2 o'clock, to protest against the action of E. W. Lillard in violating his pledges. Democrats were stirred as they have never been stirred before.

#### BITTER AGAINST LILLARD.

Democrats are bitter against Lillard in all parts of the county. Chairman Evans was besieged with requests to call indignation meeting.

#### PUBLICLY RIDICULED.

The county is being publicly ridiculed throughout the State and citizens will not stand idly by and see the good name of the county besmirched with shame.

Besieged with requests from Democrats from every part of Boyle county, Col. R. G. Evans, chairman of the Democratic County Committee, issued the following:

#### MASS INDIGNATION MEETING.

"By request from prominent Democrats from every portion of Boyle county, in person and by telephone, insisting that a mass meeting be held at which they might have opportunity to give expression to their feelings of indignation over the action of E. W. Lillard in betraying and violating his sacred pledges to the Democrats of Boyle county, Thursday afternoon, March 5, 1908, at 2 o'clock is now designated as a time at which Democrats may meet at the court house in Danville, Ky., for the purpose requested as stated above."

R. G. EVANS, Chairman Democratic County Committee. The above headline and call are taken from the Kentucky Advocate, the only paper in Danville, Ky.

Lillard is the Democratic Representative who voted against Mr. Bradley for Mr. Bradley. How will he feel when he returns to Danville?

## SAVE THIS.

Put It in Some Safe Place, For It May Come in Handy Some Day.

Here is a simple, home-made mixture as given by an eminent authority on Kidney diseases, who makes the statement in a New York daily newspaper, that it will relieve almost any case of Kidney trouble if taken before the stage of Bright's disease. He states that such symptoms as lame back, pain in the side, frequent desire to urinate, especially at night; painful and discolored urination, are readily overcome. Here is the recipe: try it:

Fluid, Extract Dandelion, one-half ounce; Compound Kargon, ounce; Compound Syrup Sarsaparilla, three ounces. Take a teaspoonful after each meal and at bedtime.

A well known druggist here in town is authority that these ingredients are all harmless and easily mixed at home by shaking well in a bottle. This mixture has a peculiar healing and soothing effect upon the entire Kidney and Urinary structure, and often overcomes the worst forms of Rheumatism in just a little while. This mixture is said to remove all blood disorders and cure the Rheumatism by forcing the Kidneys to filter and strain from the blood and system all uric acid and foul, decomposed waste matter, which cause these afflictions. Try it if you aren't well. Save the prescription.

## BRADLEY FOR

### FAIRBANKS.

Taft Would Likely Be Defeated if Nominated.

Every Defeat of Republicans in This State in Last Twenty Years Laid at Door of Federal Officeholders.

Senator-elect W. O. Bradley issued a statement at Frankfort on March 2 which puts him at the head of the Fairbanks forces in Kentucky. While he declares himself unconditionally for Fairbanks, he thinks Cannon or Hughes could win if nominated, while Taft would carry the party down to defeat in November.

Governor Bradley bitterly denounces Federal officeholders and holds them practically responsible for every important defeat the Republicans have suffered in Kentucky in the last twenty years.

#### GOV. BRADLEY'S STATEMENT.

"During the contest for United States Senator I felt, as the nominee of the Republican party, that I had no right to endanger success by complicating that race with my preference for the nominee for President. Despite absolute silence in this matter, the active friends of Mr. Taft aside from those in the General Assembly, and a few others, gave no aid or comfort, some of them doing what they were able to do to defeat me. Now that the contest has been happily ended I feel that the public has the right to know my position."

"The recent financial troubles, which unhappily have not been wholly relieved, will, of course, whether justly or not, be charged upon the Republican party, just as the Homestead riots were charged upon it in 1902. Notwithstanding Mr. Harrison had given one of the most superb administrations the country had ever experienced, and that neither he nor his party were responsible for those riots, the Republican party went down to defeat."

"We might as well appreciate the fact now that we shall have no walkover in the coming Presidential contest. It, therefore, behooves the party to exercise great caution in the selection of a Presidential candidate."

"Judge Taft is a man of winning personality and signal ability, and would, if elected, make a great President. But while this is true, it seems evident that his election is by no means certain. With the labor unions and Negroes against him it is exceedingly doubtful whether he could carry the States of Ohio, Illinois, Indiana, New Jersey, New York and possibly others. There can be no hope of carrying Kentucky, West Virginia or Maryland. So far as the Central and extreme Southern States are concerned, it is well known that not a single electoral vote can be had for Mr. Taft or any other Republican. Besides it is plain that the last mentioned States are controlled alone by Federal officeholders."

"The Federal officeholders in Kentucky have never failed when controlling the party in the State to accomplish a Democratic success."

"Now the Republican Federal officeholders of the State, with few exceptions, are banded, organized and earnestly laboring to carry the State for Mr. Taft. Should they succeed they will lead the party to another defeat."

"I sincerely hope that the Republicans of Kentucky will rebuke these self-constituted masters, and see to it that the boys in the

## COMFORTING WORDS.

Many a Mt. Sterling Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Mt. Sterling readers.

Mollie A. Power, of Main street, Richmond, Ky., the well known ladies' tailor, says: "For seven years I suffered almost continuously from kidney troubles, all the symptoms usual to such cases manifesting themselves. I was unable to find anything in the large number of remedies which I tried that seemed at all likely to do me any good, and one by one I gave them up. Finally I heard of Doan's Kidney Pills in a way that made me believe they must be good and I got a box. They helped me from the first and I take keen pleasure in this opportunity to state my belief in Doan's Kidney Pills."

Plenty more proof like this from Mt. Sterling people. Call at F. C. Duerson's drug store and ask what customers report. For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name--Doan's--and take no other. 34-2t

# HIS ARTISTIC SOUL REVOLTED.

Young Painter Saw Period of Suffering While Earning Needed Money.

The young artist, almost on the verge of starvation, had just accepted an order from an elderly splinter to paint her portrait. When the terms and appointments had been fixed and the splinter was descending the rocky studio stairs, a student friend of the young painter, who had overheard the deal, rushed in from the next room to offer his congratulations.

To his surprise, however, he found his friend sitting downcast before his easel, his head in his hands.

"Why, Francois, why so downhearted?" he inquired, stopping short to stare at the artist. "Didn't I just overhear you bagging an order to paint a face at 1,000 francs?"

"Yes," replied Francois, sadly. "And your need of the money is something fierce, isn't it?"

"And the other needed."

"Then, my friend, you should be kicking the ceiling in your lucky strike!"

The artist now lifted his head slowly and gazed pitifully at his companion. "Mein," said he, "did you get a glimpse of her?"

"No."

"Then," said the other, following his head again to fall into his hands, "you do not know, my friend, what torture I will have to undergo from morning till night for a whole week studying that face!"—Illustrated Sunday Magazine.

# YOUNG CONVICT WAS A GENIUS.

Australian Saved from Penitentiary Later. Did Remarkable Work.

In the gardens attached to the houses of parliament, Melbourne, there is an elaborately sculptured fountain, embellished with human figures, birds, flowers and various other ornamental work in stone. This fountain has a remarkable history. It was constructed entirely by a convict named William Stanford, within the walls of the Melbourne jail. When a young man of 21, Stanford, in a weak moment, joined a band of brawling desperadoes, was captured and sentenced to terms of imprisonment amounting in the aggregate to 21 years. One day Col. Champ, the governor of Melbourne jail, was astonished to find a beautiful angelic figure which Stanford had carved out of a meat block. He showed it to the leading sculptor of Melbourne who declared that the young man was a natural genius. The sculptor visited the jail and gave Stanford some lessons in the art. A petition for pardon was influentially signed, and Stanford was released. He became one of the most successful sculptors in Melbourne, and completely lived down his juvenile criminal escapade.

# As to Hogs.

A venerable Chinese laundryman, who likes to tell a tale or swap a lie, said the other day: "In China every gentleman works for a living, except the hog. He lives at all." Hogs do work in some parts of Ireland, and in the lowlands of Germany are beasts of burden. Abraham Lincoln used to tell about them in his younger days working in Indiana and Illinois. In the backwoods, when a chimney was to be built, or a cabin daubed, the workmen dug a big hole in the clayey ground, filled it about half full of water, scattered a few handfuls of corn therein and turned loose the swine. The latter plunged in after the corn, and in a short while had converted the contents of the hole into excellent mortar.

# Look Forward.

Forget your faults and failures, or remember them only to learn the lesson they have to teach, the frailty or folly or wickedness of spirit which they should disclose to you—the vanity that weakens, the pride that hardens, the greed that corrupts. Let your past be not a ball and chain tied to your ankle to keep you back, but a journal to tell you what road you have traveled. Then, looking back only long enough to see where you are and what your course should be, forget the things that are behind and press forward.—The Outlook.

# Luminous Birds.

Ovis do not appear to be the only luminous birds. The authors of "The Water Birds of North America" allude to the phosphorescent plumage of the great blue heron. The breast feathers of this species, it appears, are furnished with a downy, light-emitting substance. The bird itself is known as the "bird-lantern." It is suggested that the luminosity may be of service to the bird, both by attracting the fish and enabling it to see them.

# To Call Out Stations.

"The number of people who speak the English language is now estimated at 175,000,000," remarked the boarder who had been gleaming statistics from a patent medicine almanac.

"So?" rejoined the fussy old bachelor at the pedal extremity of the mahogany. "It's a wonder He should employ some of them as guards on the elevated trains."

# To the People of Montgomery County:

As we all know, there is a feeling of unrest—indeed, an undercurrent of bad feeling among our people. Now, this ought not to be. We are neighbors and friends; we live in the same good old State; we are subject to the same laws; we worship the same God, and we all hope to reach a better country. When it comes to the question of law and order, peace and good feeling, the matter of growing or not growing tobacco ought not to enter into it. What are a few dollars gained or lost when the good name of the people is at stake.

Now I feel sure that there are some who will grow tobacco; others who will not. Most there be war over it? Wouldn't forbearance be better? And wouldn't we die about as rich whether we did or did not grow it? As for myself, individually, when the Society of Equity was first talked of I went into it heartily, as some of my neighbors know, and when our President fell down (or reported) I then, whilst not growing any myself, urged my friends to join the new society and pool their tobacco. When it was proposed to cut out the 1906 crop, I immediately rescinded contract made, entailing some considerable loss.

This being my position I feel free to appeal to my friends in the Society and all other good citizens to join us of the Law and Order League, recently formed to make the best fight we can to secure for us and our families that peace and respect for law to which we are entitled and which I believe we can have. Your truly,

H. C. HOWELL.

# Offer For 1,000 Hogsheads.

The conference between the committee from the Equity Society and representatives of the American Tobacco Company, looking to the sale of 1906 crop held at Louisville is over, and resulted in an offer from the American people to purchase one thousand hogsheads of Burley tobacco at Equity prices at Equity prices on sample with an option on entire 1906 crop, if quality is satisfactory.

The District Board met at Winchester to pass on the offer.

The Equity Society has so far sold all tobacco of seven grades of the 1906 crop in the pool throughout the Burley district with a considerable sprinkling of other grades which is over one-sixth of the 1906 crop. This tobacco sold was purchased exclusively by independent concerns and does not include the one thousand hogsheads the American people are now dickering for.

### INDICTED

For Writing Prescriptions For Whisky.

Violation of Liquor Law Starts a Sensation.

At Cynthiana, Ky., March 4, a great sensation was caused when the grand jury returned seventy indictments. Four doctors were indicted for writing prescriptions for whisky. I. E. Thompson, of Robertson county, was indicted twelve times. O. L. McLawine, a colored porter, was indicted thirteen times on the same charge; G. W. Righter, three times; Dr. Peterson, six times; and T. H. Wallen, four times.

Howard Jett, a druggist, was indicted fourteen times for selling whisky without a license, and J. W. Renaker, a druggist, six times for the same offense.

That county on July 18 went dry by a big majority and the city by 34.

One physician issued 137 prescriptions for whisky in fifty days. The foreman was T. Lloyd Thompson, a wealthy farmer.

Roosevelt and Harlan Congratulate Gov. Bradley.

President Roosevelt wrote Mr. Bradley a personal letter, which read as follows:

"Washington.—My dear Senator Bradley: I must add just a line, the list of congratulations you are receiving. My pleasure was great as my surprise when the good news came. I trust I may see you not so very long hence in Washington. With regard, believe me, very truly yours,

"THEODORE ROOSEVELT."

Justice John M. Harlan also wrote Mr. Bradley as follows:

"As you know, I am not in politics; indeed, haven't attended political meetings nor heard political speeches since I came to the bench. But I may, with propriety, congratulate you, as I do most heartily on your election to the Senate. It is a great result for the State and the country. Six years in the Senate will prove to be most agreeable to you in every way. Kentucky, I hope, is now on the way back to her old position in the sisterhood of States.

### A Child's Perception.

Harry Rooney, son of Mr. and Mrs. Mike Rooney, is three years old. Recently Mrs. Rooney sent the little fellow to see Mrs. James Groves. When the child reached the yard he saw tobacco stalks spread on the ground and refused to enter. He returned home, saying: "Don't Mrs. Groves have guards? I see she's got backer in her yard."

This is a smart child. He had heard people talk about guards at warehouse, night riders, shooting, tobacco, etc. This he remembered when he saw and the child was afraid to enter.

### On the Train.

The writer was on west-bound train on Monday afternoon. He met O. H. Stumbo, Deputy Sheriff of Floyd county, enroute to Frankfort with Keene Burchett and Chas. Salyer, each to serve two years, the first for killing a man, the second for forgery.

Our friend W. H. May, of Prestonsburg, was enroute to the Federal Court at Frankfort. He was appointed Commonwealth's Attorney to succeed A. B. Stephens, who died last fall. In his 31st Judicial district in Knott county a revenue officer had shot and killed a Mr. Short who was running to avoid being arrested. The case had been transferred to Federal Court and Mr. May was notified to appear for the prosecution.

### Can't Live on Salary.

The jailers of Kentucky have sent a petition to the Legislature asking for sufficient salaries to live on. It says in part: "The jail doors in nearly every county in which local option prevails are wide open and the jailers have been compelled to engage in other pursuits for the purpose of eking out a scanty support for their families."

## DEATHS.

THOMPSON.—Mrs. Virginia Campbell Thompson died at Washington on Friday. She was the daughter of Rev. Alexander Campbell, of Bethany, W. Va. She served as postmistress of Louisville for twelve years under Presidents Hayes, Arthur and Cleveland.

CHASE.—J. T. Chase died at his home near Camargo, Wednesday, March 4, 1908, of general debility, aged 84 years. Funeral at the home on Friday, conducted by Rev. E. E. Dawson. Burial near Jeffersonville. He was a member of the Methodist Church, and leaves a wife and seven children.

SYDNER.—Miss Ellen Sydnor, aged 68 years, died at the home of her brother-in-law, Charles Rice, in this city, on Friday morning at 1 o'clock, March 6, 1908. On Monday her right leg was amputated, resulting from inflammation after paralysis. Her frail condition was not equal to the demand. Rev. H. D. Clark held funeral service at the home on Saturday at 10 o'clock and the body was taken to North Middletown, her former home, for burial. She was a member of the Christian Church.

KENDALL.—Amos Kendall, of Sudith, Menefee county, died February 5, 1908, of paralysis, aged 69 years. He married Eliza A. Carrington, eldest daughter of James H. Carrington, deceased, December 13, 1866. He leaves a wife and five children, James and Oscar of this county, and Sam, Arthur and Mrs. J. W. Craig, of Menefee county, and two brothers, Presley and Joel, of Nicholas county, and Mrs. Frances Hamilton, of Owingsville. He was a minister in the Christian Church for many years and will be sadly missed by the brethren. Interment in Upper Salt Lick Cemetery.

EVANS.—Thos. J. Evans died at the country home of his son-in-law, Marcus A. Prewitt, on Saturday afternoon at 4 o'clock, March 7, 1908. He had been an invalid for more than a year. Since the death of his wife he had lived with his children in Bourbon and this county. He leaves four children: Mesdames Will and Allie Jones, of Bourbon, Charlton Evans and Mrs. Prewitt, of this county. The deceased was in his 76th year since last October. For over fifty years he was a member of the North Middletown Christian Church, a prosperous farmer, influential and highly respected. The funeral service was held at North Middletown on Sunday afternoon by Revs. C. W. Dick, pastor of the congregation, and J. L. Reynolds.

Training for Service class in rear room of Christian Church on Thursday evening.

Members of ALL churches are invited to Training for Service class. At last session there were 38 present.

Mrs. A. M. Harrison, of Lexington, gave two admirable and inspiring talks at the Christian Church on Sunday afternoon and evening on the work accomplished and now being carried on in the United States and foreign lands by the C. W. B. M.

Among the Christian churches, the leaders in Teacher Training and Training for Service have selected Monday, March 15, as a day to be devoted especially to Training for Service when the ministers are asked to preach a sermon on Bible Study and drive its importance home to the hearts of the membership.

On that day the minister of the Somerset Christian Church will have as theme "An Open Bible, Well Read and Studied, and Its Teachings Observed."

His wife disappeared last summer.

#### The Knock-out Blow.

The blow which knocked out Gribble  
was a revelation to the prize fighters.  
From the earliest days of the ring the  
knock-out blow was aimed for the jaw,  
the temple or the jugular vein. Stomach  
punches were thrown in to worry and  
weary the fighter, but if a scientific man  
had told one of the old fighters that the  
most vulnerable spot was the region of  
the stomach, he'd have laughed at him  
for an ignorant. Dr. Pierce is bringing  
home to the public a parallel fact; that  
the stomach is the most vulnerable organ  
out of the prize ring as well as in it. We  
but the throat, the chest, the lungs, and  
the kidneys are utterly indifferent  
to, until disease finds the solar plexus  
and knocks us out. Make your stomach  
sound and strong by the use of Dr.  
Pierce's Golden Medical Discovery, and  
you will be able to stand up to the  
best. "Golden Medical Discovery" cures  
"weak stomach," indigestion, or  
dyspepsia, torpid liver, bad skin and im-  
pure blood and other diseases of the or-  
gans of digestion and nutrition.

"The Golden Medical Discovery" has a  
specific curative effect upon all mucous  
surfaces and hence cures catarrh, no  
matter where located or what stage it  
may have reached. In Nasal Catarrh it  
is well to cleanse the passages with Dr.  
Pierce's Catarrh Remedy first while using  
the "Discovery" as a constitutional re-  
medy. Why the "Golden Medical Discovery"  
cures catarrhal diseases, as of the  
stomach, bowels, bladder and other pelvic  
organs will be plain to you if you will  
read a booklet of extracts from the writ-  
ings of eminent medical authorities, en-  
dorsing its ingredients and explaining  
their curative properties. It is mailed  
free on request. Address Dr. R. V. Pierce,  
Buffalo, N. Y. This booklet gives all the  
ingredients entering into Dr. Pierce's  
medicines from which it will be seen that  
they contain not a drop of alcohol, pure,  
triple-refined glycerine being used instead.  
Dr. Pierce's great bound-and-page illus-  
trated Common Sense Medical Adver-  
tiser will be sent free, paper-bound, for 21 one-  
cent stamps, or cloth-bound for 31 stamps.  
Address: Dr. Pierce at above.

### CLARK COUNTY.

(Semi-Weekly.)

Suit was filed here Friday to  
collect back taxes on what is alleged  
to be sixty-eight million dollars' worth  
of pooled tobacco. The suit is filed  
against the Barley Tobacco Society  
by M. P. Rehman, State Revenue Agent.  
County Judge Evans will have the dis-  
tinction of sitting in the largest civil  
suit ever tried in the State.

In another suit, Arthur E. Hop-  
kins, Revenue Agent, claims that the  
American Tobacco Company owes taxes  
on property on the basis of \$187,500.

The managers of the Clark County  
Fair, to be held August 4-7 are  
actively at work.

The Winchester Roller Mills  
Company received from New Mexico

Flour.

Sheriff Hampton has reported  
the tax on 314 dogs as delinquent.

Congressman Langley has  
been before the Committee on  
Buildings and Grounds, and the  
indications are favorable for an  
additional sum for Winchester.

Mrs. William Mansfield and  
Mrs. C. D. Mansfield, of this city,  
were visiting at White Ash, were  
poisoned by canned goods. Both  
are out of danger.

Superintendent of the Central  
Kentucky Traction Company has  
been accompanied by W. A.  
Williamson, of Providence, R. I.  
In addition to putting in the regis-  
ter system, a contract has been  
made with the Electric Light Com-  
pany to furnish power for all street  
car line until their own power  
house is established.

#### Turner Hanged For The Murder of His Bride.

Ed Turner, of Breathitt county,  
Ky., who killed his bride on Look-  
out Mountain in April 1907, was  
hanged at Chattanooga, Tenn. His  
body was brought to his old home  
in Breathitt for burial.

In his petition for clemency  
Turner recited that he had been  
reared in a Godless country; that  
his mother and father had died  
when he was very young; that he  
had been thrown among the most  
lawless people of the Kentucky  
mountains; that he had never had  
an opportunity to attend church  
or Sunday School, and had little  
advantages of education.

#### Supervisors Report.

The Board of Supervisors re-  
ported: The total assessment of  
land amounts to \$6,747,270; town  
lots, \$1,775,100; personality, \$1,-  
154,950; cash \$103,331; making a  
total of \$11,040,530 for Madison  
county.

#### Keep on Sawing.

The principle of saying nothing  
and sawing wood has won many  
victories. The only trouble with  
some of these say-nothing fellows  
is that they forget to saw. There  
is a good deal of nonsense about  
this keeping still and sawing wood  
business, anyhow. The active  
part is all right, but the man who  
is sawing wood has got to make  
sawdust; he has to stir up more or  
less discussion as to his ability as  
a sawyer. He just can't keep still  
and properly advertise his busi-  
ness, and the man who is really at  
heart interested in his avocation  
just doesn't know how to keep still  
about it. For business men with  
goods to sell and trade to build up,  
we would suggest that a much bet-  
ter motto would be: "Toot your own  
horn, and never stop sawing  
wood."—The Yellow Jacket.

### THE TWO INVINCIBLES

#### COD LIVER OIL AND IRON.

Cod Liver oil and iron in some  
form or other are prescribed by  
physicians the world over, more  
than any other two remedies the  
world has ever known, for anemia  
or poor blood, weakness, convales-  
cence, and all wasting and pulmo-  
nary diseases.

Iron, because it is the basis of  
the blood and without a sufficient  
amount the blood is impoverished,  
watery, pale and impure.

Cod Liver Oil, because it con-  
tains curative and reconstructive  
qualities greater than that posses-  
sed by any other one medicinal  
agent.

In Vinol, modern science has  
given to the world a combination  
of these two world-famed tonics—  
Cod Liver Oil and Iron, but shorn  
of all useless oil or disagreeable  
features.

Vinol is made by a scientific, ex-  
tractive and concentrating process  
from fresh cod's livers, combining  
with peptonate of iron all the medi-  
cinal, healing, body building ele-  
ments of cod liver oil, but no oil.

As a body-builder and strength  
creator for old people, delicate  
children, weak, run-down persons,  
after sickness, and for Chronic  
Coughs, Colds, Bronchitis, and all  
throat and lung troubles, Vinol is  
unexcelled.

We ask Mt. Sterling people to  
give Vinol a trial. It won't cost  
anything unless it gives satisfac-  
tion. W. S. Lloyd, druggist, Mt.  
Sterling, Ky.

#### Urged to Raise No Crop.

W. B. Hawkins, first president  
of Tobacco Growers' Association,

of tobacco for 1908. See editorial

#### Two Others Fail.

ty-six out of eighty-five hogs. I then  
used Bourbon Hog Cholera Remedy and  
saved my hogs."

Cured and guaranteed by W. S. Lloyd.

### THIS CEMENT WALL A NOVELTY.

Action of Nature Has Given it a Dis-  
tinct Artistic Value.

There is a wall of cement in Los  
Angeles which shores up one side of  
a building lot that has an artistic  
value never intended by the builder.  
He had moved his bags of cement on  
to the ground to be ready for work  
and was then called away on some  
other job for a day or two. In the  
meantime one of the very infrequent  
rains came on and each sack turned  
into stone under the action of the wa-  
ter and the fabric of the sacks them-  
selves were absorbed into the cement  
so that it was impossible to remove it.  
Consequently each sack was wrought  
into the wall as if it had been a boun-  
der on the line of an old stone wall.  
They were then chinked and bound  
together with worked cement and  
after a time the weather disposed of  
the gummy sackings, but left the blocks  
marked with the impress of the sack.  
The result is a highly ornamental  
cement wall, resembling at a little dis-  
tance a wall of some woven material.

### THIS PENAL COLONY A MODEL.

Brazil Seems to Have Solved One of  
Civilization's Problems.

The penal colony of the state of  
Pernambuco, Brazil, is on an island  
200 miles off the coast. There are 600  
convicts at present. They arrive at 6  
a. m. and work till 2 p. m. for the state  
cultivating cotton of a superfine qual-  
ity. After two o'clock they work for  
themselves. The island is one of the  
most orderly and productive bits of  
soil in Brazil. It is a model convict  
colony and the cheapest run of any in  
the world.

The group of islands to which the  
penal one belongs is where the equa-  
torial and south equatorial currents  
divide, and it is surrounded by a tri-  
angular sheet of quiet sea, full of all  
kinds of fish, valuable commercially.  
As convict labor must be had at ten  
cents a day there is opportunity for  
the fishing concessions there. It is  
regarded as a first-class location for a  
fishing station. The islands also have  
valuable phosphate deposits.

#### Keep Girls Young.

"It is hard to take a back seat and  
see the younger generation occupying  
the front ones," says a millionaire's  
widow, who is not through being  
youthful, though she has two grown-  
up daughters. She explains the secret  
of her restraint which wealthy French  
mothers exercise over the dressing of  
their young daughters, and she wishes  
more of this maternal mastery could be  
seen in this country. "Until she is mar-  
ried, if that event takes place when  
she is young," says the widow, "in  
France she is dressed almost as if she  
were a schoolroom child. Supposing  
she remains unwed at 21, she is still  
dressed after a uniform plan, so that  
her mother may continue to dress  
youthfully yet have toilets entirely  
different in style from her daugh-  
ter's."—Exchange.

#### Doing Chores.

To dig one's own potatoes, to  
shock one's own corn, to pick one's  
own apples, to pile one's own squashes  
at one's own barn? It is like filling  
one's system with an antitoxin before  
going into a fever-plagued country.  
One is immune to winter after this,  
because he stays to take his apples in  
his own wood fire. One works him-  
self into a glow with all his digging,  
and picking and piling that lasts until  
warm weather comes again; and along  
with this harvest glow comes a glow  
over him the after-harvest peace. It  
is the serenity of Indian summer, the  
mood of the after-harvest season, re-  
sponding upon him—upon him and his fields  
and woods.—Dallas Lore Sharp, in  
Atlantic.

#### Advertising for One Penny.

Jabez Alvord, an old and highly re-  
spected resident of Winsted, Conn., is  
advertising as lost a pocketbook con-  
taining a penny, and offers to pay a  
liberal reward for its return. The  
penny bears the date of 1818, and to  
Mr. Alvord it is almost invaluable. It  
was given to him by the family doc-  
tor when he was a child in distress.  
For safe keeping he put it in a  
crack in the house, and it fell down  
between the partitions. When the  
old house was torn down two years  
ago Mr. Alvord found it, after it had  
been lost more than 65 years. Now it  
is lost again.

#### Air Purified by Curtains.

Dr. J. Brown, the medical officer of  
health of Bacon, has drawn attention  
to the usefulness of muslin curtains  
in filtering the air of rooms, says the  
London Globe.

The amount of solid air removed  
from the air by muslin window cur-  
tains has surprised him. As he says,  
they are cheap and easily washed, and  
should be changed frequently. One  
condition he advocates but does not  
insist on is that they should not be  
dressed or fringed.

#### The Proper Term.

Knock—You and Dr. Jones are part-  
ners, are you not?  
Knock—No, no. We often con-  
sult together and attend to each other's  
patients in case of absence, but  
we are in no sense partners.  
Knock—I see. He is who might be  
termed your accomplice.—Chicago  
News.

#### Hereditarily.

Caller—Your little boy looks exactly  
like you.  
Youngster's Mother—Yes; but if he  
doesn't get his meals just when he  
wants them he puts up exactly the  
same kind of face his father does.
